WHAT A GREAT FIRST WEEK!

I'm very proud of how much we have been able to despite the *HEAT!* Be sure your child brings an extra pair of socks if he/she does not wear any to school.

We've accomplished a lot in just a short 3 days. I'm proud at how hard the students are working. We are just beginning our reading series with a story called Boom Town. In math, we will begin with some rounding and time telling. Social studies will be starting soon along with our individualized spelling program. Our first science unit will begin sometime in October.

Just a reminder to please write any changes of after-school plans in your child's take home folder. It makes it easy to find!

Feel free to check out our webpage and our blog for fun classroom activities we have done.

Have a great, cool weekend!

Mr. Sammons

So far, we have 5 tickets sponsored for our trip in May. If you know of anyone who might want to be a sponsor, please let them know!
